

Payment Information

We provide a range of payment options using the well-known and reliable Yoco interface. We accept VISA Debit Cards, Cheque, Credit Cards and EFT.

Debit Cards

Debit card holders with Visa Electron and Maestro can make payments via Yoco. Customers confirm the transaction on their phone after entering their debit card information and mobile phone number. The system is compatible with devices connected to other networks, as well as debit cards offered by several different financial institutions.

Cheque and Credit Cards

Credit cards are well known and is the worldwide de facto form of an internet payment. We process credit and cheque cards internationally and locally and have the necessary security mechanisms in place. We do not store any credit card information.

EFT

Customers can use standard internet banking to make payments to any registered South African Bank using EFT. Please note orders will only be delivered once payment is cleared in SkaapStad's bank account.
